

Pizza Fractions!

Music is broken into measures; each measure has an equal number of beats.

The most common time signature is 4/4 time. In 4/4 time each measure has four beats.

Measures are separated by bar lines. To end a song a double bar line is used.

4
4

Draw a rectangular pizza in-between each set of bar lines.

Divide your pizzas into 1, 2, 3, or 4 pieces as a measure would be divided into four beats. Draw the correct music note in each divided section. Add any toppings you would like to your pizza 😊

Note	Note Name	Music Length	Pizza Size
	Quarter Note	1 beat	$\frac{1}{4}$ or one fourth
	Half Note	2 beats	$\frac{1}{2}$ or one half
	Dotted Half Note	3 beats	$\frac{3}{4}$ or three quarters
	Whole Note	4 beats	1 or one whole

Two Examples:
